

## **MY FAVORITE BOOKS**

*Here is a list of books I have recently come across and highly recommend for reading! (Listed in no specific order)*

***Leading With Soul*** (Lee G. Bolman, Terrence E. Deal) - ...more and more people are coming together in the search for depth and meaning in their work and their lives. A contemporary parable, which tells the story of Steve, a dispirited leader in search of something more meaningful in his life than an obsession with the bottom line. Through conversations with Maria - a mysterious sage, Steve unexpectedly discovers the true meaning of leadership. Having rediscovered his own soul...

***Selling With Integrity*** (Sharon Drew Morgen) - ...introduces the first wholly new sales paradigm that uses a questioning method to help buyers get answers...teaching sellers to support buyers' buying patterns - rather than their own selling patterns...

***Excuse Me, Your Life Is Waiting*** (Lynn Grabhorn) - ...the astonishing power of feelings...clarifies why most of our dreams have never materialized, why the majority of us have lived with all-too-empty bank accounts, tough relationships, failing health, and often spiritually unfulfilling lives. Most importantly, in an easy-to-read style peppered with logical explanations, simple steps and true-life examples Lynn Grabhorn shows us how to turn it all around-right now.

***First, Break All The Rules*** (Marcus Buckingham & Curt Coffman) - What the world's greatest managers do differently. Based on in-depth interviews by the Gallup Organization of over 80,000 managers in over 400 companies.

***Now, Discover Your Strengths*** (Marcus Buckingham & Donald O. Clifton, Ph.D.) - The revolutionary program that shows you how to develop your unique talents and strengths - and those of the people you manage.

***The Power of NOW*** (Eckhart Tolle) - A guide to spiritual enlightenment. Access to the Now is everywhere - in the body, the silence, and the space all around us. These are the keys to enter a state of inner peace. They can be used to bring us into the Now, the present moment, where problems do not exist. It is here we find our joy and are able to embrace our true selves. Available in both book and audio cassette format.

***Manifest Your Destiny*** (Wayne W. Dyer) - The nine spiritual principles for getting everything you want...a stunning work that focuses on the ancient principle of manifesting through the timeless art of meditation.

***The Celestine Prophecy*** (James Redfield) - ...contains secrets that are currently changing our world. Drawing on the ancient wisdom found in a Peruvian manuscript, it tells you how to make connections between the events happening in your own life right now...and lets you see what is going to happen to you in the years to come!

***The Right to Write*** (Cameron) - An invitation and initiation into the writing life. We should write because writing brings clarity and passion to the act of living. Writing is sensual, experiential, grounding. We should write because writing is good for the soul.

***The E-Myth Manager*** (Michael E. Gerber) - Why management doesn't work - and what to do about it. Unearthing the arbitrary origins of commonly held doctrines such as the omniscience of the leader (Emperor) and the most widely embraced myth of all - that we are able to manage anyone or anything other than ourselves.

***Rich Dad, Poor Dad*** (Robert T. Kiyosaki, with Sharon L. Lechter C.P.A.) - What the rich teach their kids about money - that the poor and middle class do not! Explode the myth that you need to earn a high income to become rich. This book will teach you what to teach your kids about money for their future financial success.
